The diagram illustrates the Scrum process flow. It begins with a purple square icon containing a yellow speech bubble with a small figure inside, representing the 'Story Pointing Exercise' or 'Software project' phase. This leads to a 'PLANNING' section, which includes a 'Roadmap' (represented by a blue icon of three stacked horizontal bars) and a 'Backlog' (represented by a blue icon of three stacked horizontal bars with a small figure at the top). The 'Backlog' is highlighted with a light blue background. This leads to a 'Board' (represented by a blue icon of three vertical bars). The 'Board' leads to a 'DEVELOPMENT' section, which includes a 'Code' phase (represented by a blue icon of a code symbol). The 'Code' phase leads to a 'Review' phase (represented by a blue icon of a document with a checkmark). The 'Review' phase leads to a 'Release' phase (represented by a blue icon of a document with a checkmark and a small figure). The 'Release' phase leads to a 'Feedback' phase (represented by a blue icon of a speech bubble with a checkmark). The 'Feedback' phase leads back to the 'Story Pointing Exercise' phase, completing the cycle.
