# Expectations Managed!

- Set expectations for the audience

  - Work in progress versus

  - Mature capability

- Provide context for the demo

  - Define its purpose and structure

  - Define its maturity

  - Make clear the effort

  - Pinpoint future directions

HOW TO WRITE GOOD CODE:

Be Prepared.

- **Practice!**(…don't memorize)

  - Create a Checklist

  - Run through your part by yourself

  - Run through the full demo with participants and team

  - Run through it with an outside "trusted" advisor
